E. J. CHINGREN, Owner, 526 Ziegler Block, Spokane, Wash. (Adv.)

Home Helps.

To use up coal dust pile it carefully on a piece of paper and lay it on the fire. In this way it can be burned without smoldering the fire.

Stains on flannels may be removed by applying yolk of egg and glycerin in equal quantities. Leave on this mixture for half an hour and then wash out.

To remove hot water marks from Japanese trays use sweet oil. Rub it in well till all marks disappear, then polish the tray with dry flour and a soft cloth.

Neglected brass may be polished with a paste of powdered bath brick and oil. Take two pieces of the brick and rub together. This makes a finer powder than if scraped with a knife. —Racine Journal.

The whistle on the engine makes the most noise, but it doesn't help to pull the train.

PROMINENT PIONEER OF COUNTY CALLED BY DEATH

At the ripe old age of 84 years, James H. Jones, prominent pioneer resident of this county, passed away at 2:45 this morning at his home, 215 Logan street, death resulting from the infirmities incident to advanced age. The funeral will be held some time tomorrow, definite arrangements not yet having been made.

Deceased was born in Green county, Ky., Sept. 25, 1829 and was the eleventh child of his parents and the last living member of a family of fifteen. His parents died when he was but a small boy. For 20 years he remained upon the farm where he was born and became familiar with farm life and farm methods. In 1849, he joined a brother in St. Joseph, Mo., but subsequently returned to Kentucky to remain for two years before going with a neighbor team back to Missouri by ox team. In the spring of 1851 he was engaged to drive an ox team from St. Joseph to California. He crossed the Missouri river at Atchison, Kan., on April 18 of that year and reached his destination in California on Oct. 30.

Until the latter part of May, two years later, he worked in the mines of California and then came to Oregon. In the autumn following his arrival in this state, he enlisted for service in the Rogue River Indian war and served under Captain Buey of Lane county. He served three months and at his discharge, returned to Lane county and until 1870 was engaged in farming and stock raising there. In that year he went to Lakeview and again engaged in the stock business.

The following year he came to Unadilla county, locating on Bear creek where for four years he was engaged in sheep raising. At the end of that time he came to Pendleton and has since made his home here. He took up a homestead eight miles north of the city and operated it for several years as a farm and sheep ranch. At present he owns 480 acres in the Cold Springs country and built the first house in that section out of material hauled from Unadilla Landing. He ceased active life seven years ago and then spent a couple of years in the Willamette valley before returning here.

In February, 1861, Mr. Jones was married to Sarah Ann Sears, a native of Missouri who came to Oregon and settled in Lane county with her parents in 1852. To the couple were born nine children as follows: Nancy Jane who is the wife of J. R. Porter of this city, one who died in infancy, W. P. who is living at Woodburn, Lew- is Clarence whose death occurred in 1888 when he was 29 years old, Daisy Bell who became the wife of Frank Woodruff and who died in 1905, James W. whose death occurred in Goldfield, Nev., in 1906, Minnie L., who is the wife of F. G. Stillwell of Astoria, Olive G. who is living here, and C. M. who died in 1906 at the age of 21.

Deceased was a staunch democrat all his life but never entered politics. He had been a member of the I. O. O. F. since 1875. In all of his relations with his fellow man, he maintained integrity that won for him a universal respect and he numbered his friends in this county by the hundreds.

NEW LORD CHIEF JUSTICE IS REALLY A YOUNG MAN

Sir Rufus Daniel Isaacs, who succeeds Lord Alverstone as lord chief justice of England, is a young man, as occupants of this high judicial place go. He was born in 1860, and is therefore fifty-three years of age.

He began life on the London Stock Exchange and later studied law. It was not until 1887, when he was twenty-seven years of age, that he was admitted to the bar. In 1904 he entered the house of commons as a liberal member, and six years later was appointed solicitor general. The same year he became attorney general, which place he has held till he was named lord chief justice.

The Saving of Money by the use of Royal Baking Powder is considerable

Royal is economical, because it possesses more leavening power and goes further. Royal saves also, because it always makes fine, light, sweet food, all digestible; never wastes good flour, butter and eggs.

More important still is the saving in health. Royal Baking Powder adds anti-dyspeptic qualities to the food.

There is no baking powder so economical in practical use, no matter how little others may cost, as the Royal

In conclusion: Mr. Kelsey has received a commission on two abandoned lines to the North Fork and Thorn Hollow, and a commission on the line from Thorn Hollow to Pendleton, and is still claiming a commission, and there is no contract to show just what he should have or whether he is entitled to anything or not. This is all I have demanded of the Commission, and that all bills against the said water system should be itemized and the books kept so that at any time any competent book keeper could check up any account with the system in a business manner, but it has not been done except with the private individuals who pay their water rent. Now I will leave it to the public to judge whether I, as a member of the Commission, have a right to demand a public accounting or not.

In submitting the above report I have confined my remarks to Mr. Kelsey's account and not spoken of the poor old bones (I mean the team bought by Mr. Moore to work on the gravity system and paid \$175). Well they are between 12 and 18 years old and together weight about 2100 lbs. and worth about \$75.00, a good large team for heavy work. If Mr. Moore will take the old set of harness that he patched up and sold the commission for \$25, the price of a new set, and put them on those antiquated bones and drive them through the Main street of Pendleton I will give

Mayor Matlock \$25 to give him and stand all expense of bringing the team to and from Thorn Hollow. Mr. Moore will probably explain the number of automobile bills he has presented the commission without any date except the date the bill was rendered.

J. A. BEST.

Alta Theater.

Tonight for the last time "The Humestons," novelty musicians; also the last time of the present picture program which includes "Shon the Piper," "The Animated Weekly of Current Events" and "Their Two Kids."

Coming Sunday, Frank Rich's No. 1 light opera company. Opening bill "The Girl from Panama." The management of the Alta has seen this company and can personally guarantee it as being clean, wholesome and high class in every detail. Two complete performances will be given Sunday evening, first at 7:30, and second at 9:30. There will be no matinee as the company will not arrive in time.

Warren's Music House, phone 524.
